Dear Harold:

Enclosed please find check of Safi for $14.75. Also please find check drawn to your order in the sum of $132.30. We have been robbed on the ticket. Perhaps you can explore what your agent is doing to you and why.

I read your memo on the memo. It demonstrates remarkable analytical power. You should be most proud of that work. Now I can understand why you woke me up at 5 A.M. to start that work. Fine going, Harold.

Harold, will you please arrange to send me a file on the memo with its accompanying data. I seem to have left it in Garrison's office. Please send me exactly what Garrison gave to you, Fensterwald and me. Needless to say, I will not make any of it public, but I feel that this material should be disseminated into trusted hands as insurance.

Regards,

Vince
